25X1		
25X1	Dear :	

Through General G. B. Erskine we have learned of your interest in associating with our Agency. Accordingly, I have had appropriate members of my staff review the biographical data which he forwarded.

Unfortunately, at the moment, we have no openings commensurate with your special talents. It appears unlikely that
we can find a position for you without displacing an incumbent
or an employee in line and qualified for promotion which, as
you can well imagine, would pose a morale problem. Positions
at the level of responsibility which would be of interest to you
are limited. However, if you would like to file a formal application for consideration against any possible future openings,
we would be glad to forward you a set of our personnel forms
at your request.

We were pleased to know of your interest, and I regret that the immediate outlook is not more favorable.

Very truly yours,

25X1	Harrison G. Reynolds Director of Personnel
